OFFICIAL MIDDLE EAST VERSION

3D WITHOUT THE GLASSES

AQUA BLUE

NINTENDO  3DS™

Matters of which we wish to inform you in connection with “Nintendo 3DS” three-dimensional images

There are differences among individuals in terms of how they see 3D visuals. Please be advised that factors such as physical condition, media content and environment may all affect how any individual sees the 3D effect on the Nintendo 3DS system.

If you are tired, or feeling unwell, please refrain from playing.
If you feel sick, please stop playing Nintendo 3DS immediately.

The use of the 3D feature by children aged six and under may cause vision damage. Therefore it is recommended that:

- o Only children over six should use the system in 3D mode.
- o If children aged six and under have access to the system, parents or legal guardians should restrict the display of 3D images using the Parental Controls feature.

● Enjoy Video Game in 3D

With Nintendo 3DS, you can play a video game in 3D without wearing special 3D glasses. Nintendo 3DS displays 3D images in which the characters appear to project from the screen and the game scenes seem to have greater depth to lure the player into a new world of video game entertainment.

NINTENDO 3DS™

The Box Includes

AQUA BLUE

COSMO BLACK

FLAME RED

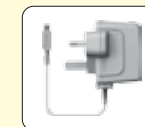

Nintendo 3DS System - 1Pc

Nintendo 3DS Charging Cradle 1Pc

Nintendo 3DS AC Adapter 1Pc

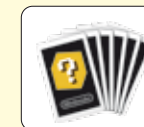

Nintendo 3DS Stylus - 1Pc

2GB SD Memory Card 1Pc

AR Cards 6 Pcs

● The AC adaptor for Nintendo 3DS is used to charge the battery in Nintendo 3DS system.

● Compatible with Nintendo DSi

Operation Manual, Quick-start guides, and other printed enclosures.

Specification

NINTENDO 3DS™

LCD Screens

Upper Screen: Widescreen LCD display, enabling 3D view without the need for (Screen size/pixel count) special glasses. Capable of displaying approx. 16.77 million colors. 3.53-inch display (76.80 mm horizontal x 46.08 mm vertical) with 800x240 pixel resolution (400 pixels are allocated for each eye to enable 3D viewing).

Lower Screen: LCD Touch Screen. Capable of displaying Approx. 16.77 million colors. 3.02-inch display (61.44 mm horizontal x 46.08 mm vertical) with 320x240 pixel resolution

Power Source

AC adapter (WAP-002 (HKG)), Battery pack (CTR-003)

Input/Output

Game Card slot, SD Card slot, AC adapter connector, Charging cradle terminal and stereo headphone output jack.

Recommended Wireless Distance

Within 98' (30m). Depending on surrounding conditions, this distance may be less.

Camera functions

Lens: Single focus, Capture element: CMOS.
Active pixel count: Approx. 300,000 pixels

Sensors

Motion sensor, Gyro sensor

Dimensions

Height: 74 mm / Width: 134 mm /
Thickness: 21 mm (when closed)

Weight

Approx. 235 g (including battery pack (CTR-003), stylus (CTR-004), and SD Card)

Charge Time

Approx. 3 hours and 30 minutes

Battery Endurance Time

Approx. 3-5 hours when playing Nintendo 3DS software
Approx. 5-8 hours when playing Nintendo DS software

- * The battery life varies depending on the screen brightness.
- * The indicated battery life is a guideline figure. It may be shorter in some operating conditions.

The image quality has been improved.

The improved graphic display performance can display images that were previously difficult to reproduce.

for example: nintendogs series

Nintendo 3DS has various types of built-in software

The following introduces some of the built-in software for Nintendo 3DS

AR GAMES
Augmented Reality

AR Cards

Something project out of the Card!!?
Capture the AR card using the outer camera and see the image change to a game stage in front of your eyes.

Nintendo 3DS Camera

▼ Merge

Nintendo 3DS has two outer cameras to take 3D pictures. The Nintendo 3DS is provided with a mode of adding a special effect or image processing.

MII MAKER

Now a Mii can be created from a photo.

By combining various facial parts, a digital avatar called Mii can be created.

FACE RAIDERS

A character with your face attacks you!
An enemy character with the face captured with the built-in camera appears. Aim at the enemy by moving the Nintendo 3DS, and then shoot!

StreetPass MII PLAZA

When you put your Nintendo 3DS in your bag and walk around in town, Mii of others will come to your Street Pass Mii Plaza to play when you walk past a person carrying Nintendo 3DS with his/her Mii.

Activity Log

Nintendo 3DS keeps the record of various daily activities, such as the pedometer measurement, the list of games you played, and the game play frequency and duration.

Various services are scheduled to be offered in the near future through the internet.

● Nintendo 3DS Ambassador Program

The Nintendo 3DS Ambassador Program is a way to express gratitude to loyal customers who acquired a Nintendo 3DS hand-held system shortly after its launch.

Customers who have purchased Nintendo 3DS systems before 12th August 2011 are entitled to join the Ambassador program and receive 20 free games.

After you confirm that you are eligible to be an Ambassador, please make sure to perform the latest system update, according to the manual attached to Nintendo 3DS system in order to download free games.

**Only Nintendo 3DS owners who purchased it before 12th August 2011 are eligible to receive the 20 free games as an Ambassador.*

Nintendo recently announced a markdown in the trade pricing policy of Nintendo 3DS systems in the global market. In U.A.E. as well, this price revision was applicable from 12th August 2011. This is our first time in the history of Nintendo to reduce the trading price drastically during such a short period. We do recognize that it has not been long since Nintendo 3DS went on the market, so this would have been causing disappointment to loyal customers who supported Nintendo for a long time. Therefore, we determined to offer 20 free downloadable games from Nintendo eshop in order to express our gratitude, only if you purchased your Nintendo 3DS system before 12th August 2011. This will be implemented as part of our Nintendo 3DS Ambassador Program.

Prior to the end of 2011, Nintendo will start providing Ambassadors with 10 Game Boy Advance Virtual Console games and 10 NES Virtual Console games as indicated below:

*NES Virtual Console Games

- Super Mario Bros.
- Donkey Kong Jr.
- Balloon Fight
- Ice Climber
- The Legend of Zelda
- Metroid
- NES Open Tournament Golf
- Wrecking Crew
- Zelda II - The Adventure of Link
- Yoshi

*Game Boy Advance Virtual Console Games

- Yoshi's Island: Super Mario Advance 3
- Mario Kart: Super Circuit
- Metroid Fusion
- WarioWare, Inc.: Minigame Mania
- Mario vs. Donkey Kong
- and 5 other games (announcing soon)

For more updated information, to join the Ambassador Program and, to download Ambassador Program's software please visit:

www.active-gulf.com
